“ Shorty was a teacher and a class sponsor of the Galena High School class of 1967. He was one of the best. He came to every class reunion we had except for the one last year when his health was not good enough for him to attend. He was missed. We loved listening to his stories about his life and some of the funny stories from our school days. I was so touched when he came to both my parent's visitations when they passed away. Our deepest sympathy to his family. RIP Mr. Prewitt. Donna (Link) Shoemaker
